

Call for Papers SantaCrypt 2015

December 3-4, 2015, Prague, Czechia
<http://mkb.buslab.org>

Intro

Santa's Crypto Get-Together (SantaCrypt) started in 2001 as the first annual Czech and Slovak workshop aiming to facilitate closer cooperation of professionals working in the field of applied cryptography and related areas of security. This get-together of experts is organised in order to foster exchange of information and ideas on past, ongoing, and also future projects. We recognise the need of experts meeting their colleagues without the hassle of taking care of their (potential) customers, bosses and other distracting forces. ;-) The workshop is run in English in the first day and then Czech and Slovak the second day.

There will be the following invited speakers:

- Peter Schwabe (Radboud University, Netherlands).
- Krzysztof Pietrzak (IST Austria, Austria).
- Pavel Vondruška (O2 Czech Republic & UK, Czechia).
- Joan Daemen (STMicroelectronics, Belgium).

Detailed information, including registration guidelines, will be available in due course on workshop web pages: <http://mkb.tns.cz>.

Instructions for Authors

The program committee will accept submissions targeting cryptanalysis, cryptography, security applications of cryptography and other related areas. Proposals should be of 5-15 pages and formatted for anonymous evaluation. Word and LaTeX templates for submissions are also available from the workshop web: <http://mkb.tns.cz>. Submissions can be written in Czech, Slovak, or English. Best papers from the workshop will appear in a special issue of the Infocommunications Journal.

Submissions should be mailed to `matyas AT fi.muni.cz`, and clearly marked with Subject "SantaCrypt 2015". The final deadline for the submissions is *29th September 2015*. Submissions will be evaluated by the program committee and authors will be informed about the evaluation results by *30th October*. Camera-ready versions for the workshop proceedings have to be delivered by *11th November*.
