

Call for Papers SantaCrypt 2016

December 1-2, 2016, Prague, Czechia
<http://mkb.buslab.org>

Intro

Santa's Crypto Get-Together (SantaCrypt) started in 2001 as the first annual Czech and Slovak workshop aiming to facilitate closer cooperation of professionals working in the field of applied cryptography and related areas of security. This get-together of experts is organised in order to foster exchange of information and ideas on past, ongoing, and also future projects. We recognise the need of experts meeting their colleagues without the hassle of taking care of their (potential) customers, bosses and other distracting forces. ;-) The workshop is run in English in the first day and then Czech and Slovak the second day.

There will be the following invited speakers:

- Ueli Maurer (ETH Zurich, Switzerland).
- Karsten Nohl (Germany).
- Krzysztof Pietrzak (IST Austria, Austria).
- Tomáš Rosa (Raiffeisenbank & MFF UK, Czechia).

Detailed information, including registration guidelines, will be available in due course on workshop web pages: <http://mkb.tns.cz>.
